## Previous Scholastic NZ publications

The series includes:

*Frog*  
*Kiwi*  
*Monarch Butterfly*  
*Royal Albatross*  
*Tuatara* (March 2011)

## Description

Did you know that the royal albatross is the largest seabird in the world? That it can fly for thousands of kilometres with barely a flap of its wings? And that after it takes off on its very first flight, it won't set foot on land for 3-5 years?

Find out more about the remarkable world of the royal albatross with easy-to-follow text and magnificent full-colour photographs.

## Selling points

- Redesigned edition of the popular Life Cycle series
- Stunning photos and easy-to-read, accessible text

## About the author

Recognised for the high standard of her artwork, Betty has had a life-long fascination with the natural world that led her to embark on the first title in this series. Sadly RSI has restricted the amount of work she can undertake in recent years.
