

BAG YOURSELF A BETTER ENVIRONMENT!

How many plastic bags do you think your house collects each week?

How many plastic bags are re-used in your house?

Ask an adult (mum, dad, grandma, brother, etc) in the house to help you.

Fill out this form each day. All you need to do is put a number under each day and then add up the number for a total at the end of the week.

Before you start!

Collect all the paper bags in your house (hidden in the cupboard, kitchen drawer, etc).

How many are there in your house? _____

How many more bags do you think you will have at the end of the week? _____

Item to Count	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday	TOTAL
New Plastic Bags								
Reused								
Used as Bin Liners								
Litter on Streets								

Reused Bags—(Eg. For Shopping, Storage, Freezing Food, School purposes.)

After the survey

How many bags do you have in your house now? _____

Were you surprised at how many plastic bags you had at the end of the week. Yes / No

What alternatives can you think of instead of using plastic bags?

What do you think old plastic bags could used for?
