

Tin Can Plant Pot

Recycle a Tin Can

You can turn an old tin can into a pretty pot for herbs or flowers.

You will need:

- An empty tin can
- Screwdriver (for an adult to make holes with)
- Potting mix
- Seeds (Sunflower, beans or peas are good)
- An old saucer or lid
- Paper and paint to decorate

What to do:

- Remove lid completely and check for sharp edges
- Get an adult to make three holes in bottom of tin can
- Cover the tin can with paper and decorate it with paints
- Place a few stones in the bottom of the tin can
- Fill with soil
- Place old lid or saucer underneath
- Plant seeds in your new plant pot and water it

Recycle!
