

What Am I?

Read the clues and see if you can guess what each animal is. Then draw a detailed picture of your animal in the box above the clues.

I am long and narrow. I live under the ground. I don't have any eyes. I eat leaves and other plant bits.

I am quite long. I have a segmented body and lots of legs. I live on the ground. My first pair of legs are fangs!

I live on the ground or in trees. I have more than six legs. I have a poisonous bite but it is not always dangerous to people. I catch my food in a web.

I come out at night. I have two pairs of wings and long antennae. I am well camouflaged. I spin a cocoon to change into an adult.

I catch my food with my long front legs. I sometimes look just like a leaf or a stick. I am an insect. I sometimes look like I am praying!

I live in the ground with all my brothers and sisters. I search everywhere for food. I am small but I have a big bite!

ANSWERS 1. worm 2. centipede 3. spider 4. moth 5. praying mantis 6. ant
