

This Way to the Book Fair Sign

Supplies*:

- 8 ½" x 11" white paper
- Projector
- Two 4' x 8' sheets of foam board insulation
- Black permanent marker
- Utility knife
- Light gray and dark gray spray paint
- Black and brown markers
- Spray adhesive
- Easel stand

Directions:

1. Print the sign template on page 2 onto 8 ½" x 11" white paper.
2. Project the sign template onto a sheet of foam board insulation.
3. Trace the image onto the board with a marker.
4. Cut out the stone outline and words with a utility knife. *(For safety purposes, we recommend wearing leather gloves when using the utility knife. Never leave the utility knife where children can pick it up.)*
5. Use a utility knife to carve the cave paintings and words, avoid cutting all the way through the board.
6. Spray paint the entire piece light gray. Allow to dry.
7. Use black and brown markers to color in the carved cave paintings and words lightly.
8. Trace the outline of the entire stone sign onto another sheet of foam board insulation and cut out.
9. Spray paint the second stone dark gray. Allow to dry.
10. Attach the dark gray stone to the back of the light gray stone with spray adhesive, giving the sign a 3D affect.

*Remember, these are only suggestions. This project should be fun and creative, so use supplies you have on hand for substitutions.
