My Scholastic STORY

"I have always been a book lover so reading has never been a chore."

In our schools across New Zealand, we have so many wonderful teachers and support staff working tirelessly to encourage learning and literacy among our children. We want to celebrate their efforts and share their ideas and stories with you.

Scholastic has been a part of my life since I received my first Lucky Book Club brochure when I was 5 and in Primary School. I was so excited to get my own brochure and circled as many books and toys as I could. It was so difficult to make up my mind when Mum said I could only have one thing. Which one do you choose?!? My own kids now circle more than 10 items each time the brochures come out and I have to limit them too!

I have always been a book lover so reading has never been a chore. I think my love of reading books started when I was even younger than school age, but Lucky Book Club made it so exciting and really cemented my love for books.

Melissa Ashby, Wanaka Primary School

Scholastic Book Fairs were an exciting annual event at my primary school growing up. Now, I run the Wanaka Primary School Book Fairs and they are so much fun. The children help set up and take responsibility for

decorating the library ready for the fair. The school is buzzing for weeks after!

I have just received the latest brochure for Book Club and it

is sitting on my bedside cabinet with a pen beside it, with many circles around books I will be purchasing for the school library! Great bedtime reading!

*We want to celebrate exceptional education professionals and share their ideas and stories with schools nationally. If you would like to share your **My Scholastic Story** with us, please send your story to mystory@scholastic.co.nz.*
