Steve's new underground build has some epic features, but the room full of buried treasure chests has Zombie drooling. With Steve's blessing, Zombie opens a chest for himself and it's stacked with gold. SCORE! But Zombie quickly learns that some things can be too good to be true, because the gold is cursed and it comes with more than a few strings attached. Trapped inside, Zombie must now make a choice if he wants to survive. Three possible futures, three very different endings. Can Zombie choose the right way to use the gold? Or will he spend eternity trapped inside the cursed chest?

SUNDAY

'This is EPIC!' I said, as Steve led me deeper into the beachside cave.

Steve grinned and continued his tour. 'Bedroom, kitchen, bathroom,' he said, pointing to each room we passed. 'I reckon this will be an Armoury, but my weapons are all over the place and I haven't done it up yet.'

I was seriously impressed by Steve's new build. There were candy chambers carved out to perfection, lanterns

lighting the hallways and tools hanging from wall hooks. I couldn't believe he had built it all by himself!

'I've also started digging out an underground pool,' Steve continued. 'But I won't show you that... I know you get all weird about water.'

'It's a DISGRACE to Zombie-kind,' I said, disgusted.

Steve shrugged, then steered me straight past the next doorway. But I skidded to a stop when something inside the room caught my eye-socket.

'Uh, this one's just a boring storage room,' he said when he saw me looking.

I poked my head in anyway. 'Dude, what are you storing in there?'

Dozens of chests were stacked, one on top of the other, until the very highest one touched the roof. They looked super fancy, and not like they belonged in an underground house to be used as storage containers... And they definitely didn't look boring.

Steve joined me at the doorway with a GUILTY SMILE.

French-Jewish doctor Odette 'Sylvie' Rosenstock and her friend, Syrian-Jewish actor and philosopher Moussa 'Monsieur Marcel' Abadi, were forced to flee Paris after the Nazis defeated France during World War II and began their violent, hateful campaign to destroy the Jewish people. However, when Odette and Moussa discovered that the Nazis were brutalising Jewish children, they found that they just couldn't sit idly by. Using false identities, the young couple created The Marcel Network, and with the help of many people from all walks of life—priests, nuns, Protestant families and others—they created a secret web of refuge, places where they could hide Jewish children in plain sight. Their efforts saved 527 children.

Meet Pocket, created as a good luck charm for soldiers going into battle, whose bravery and loyalty lives on long after the war. Thimble-born from tip to toe, Pocket Bear remembers every moment of his becoming: the glimmering needle, the silken thread, the tender hands as each careful stitch brought him closer to himself. Born during the throes of WWI, he was designed to fit into the pocket of a soldier's jacket, eyes sewn a bit higher than normal so that he always gazed upward. That way, glancing at his pocket, a soldier would see an endearing token of love from someone back home, and, hopefully, a good luck charm. Now, over a century later, Pocket serves as unofficial mayor of Second Chances Home for the Tossed and Treasured, where stuffed toy animals are refurbished and given a fresh opportunity to be loved. He and his best feline friend Zephyrina, known far and wide as 'The Cat Burglar', have seen it all, and then some.

KEY SELLING POINTS:

- An unforgettable tale of bravery, loyalty and kindness.
- A reminder that love comes in many forms (sometimes filled with fluff), and that second chances are always possible.
- A heartwarming tale that follows the various adventures of Pocket and his best friend, a fluffy cat named Zephyrina.
- Stunning black and white illustrations throughout the book bring the characters to life.

In the dead of winter, deep in the Forest of Ardennes, as the devastation of World War II drew to a close, a desperate Nazi army launches a surprise attack on Allied forces in the early morning hours of December 16th. As the ground is blown apart by mortar shells and an endless curtain of bullets rains down upon them, the mostly young, inexperienced and exhausted Allied soldiers must take up arms against the Nazis. Blinded by dangerous blizzards and hampered by the rough terrain, they fight to hold their positions until reinforcements arrive. But deadly weather conditions and the surprise attack make matters difficult, and soon, the Allied forces are overwhelmed—outmanned, outgunned and underprepared. As winter continues and the Battle of the Bulge rages on, it will take an unprecedented combination of determination, grit, and unimaginable courage to thwart the Nazis's plans and defeat them, once and for all.

As glass shattered around them in Vienna, an ordinary-looking horse named Nero and his stable mates, the dancing white Lipizzaner stallions of the famed Spanish Riding School, quiver and shake in fear. But they do not panic. Somehow, they sense the school's director, dedicated horseman Alois Podhajsky, will do everything he can to keep them safe. Yet Alois can't do it alone. And in the chaotic last days of the war, as their fate becomes more uncertain than ever, Nero will play a key role in helping Alois appeal for aid from an unlikely ally—America. But time is running out. It will take a daring band of American soldiers—along with horse lovers from opposing sides—to pull off a secret mission to save the Lipizzaners from certain destruction. Inspired by the true story of his father's cousin, Michael Rosen presents an astonishing wartime story of perseverance and hope in the face of horrors and hardship. Beginning in 1939, young Solly in London exchanges letters with his teenaged cousin, Bernie, in Poland. While Solly is evacuated and tries his best to adjust to life in the English countryside, Bernie's parents know that as Jews they're not safe staying in Warsaw, so they send Bernie to the Russian-occupied side of the country in the hope that he'll be safer there. Soon, though, he is arrested and sent off to a forced labour camp in Russia. As the cousins exchange sporadic letters, they try to keep their spirits up, trading jokes and observations about the world changing all around them. Then Bernie seizes the opportunity to join the 'Anders Army' and fight the Axis powers, and tells Solly all about his experiences in Iran and eventually Italy, where he fights alongside the British at the famous Battle of Monte Cassino. Will Bernie survive this war and find a safe place to call home?

In a realm without dreams, one fairy's magic could unravel it all. When frost fairy Periwinkle travels too close to the forbidden border where Spring meets the Winter Woods, she begins to dream for the first time. While Periwinkle's dreams start sweet, they slowly morph into disastrous visions of the Pixie Dust Tree—the source of life for all of Pixie Hollow—destroyed. Soon Periwinkle is confronted by Weaver, the infuriatingly handsome stranger, who claims to be a dream-talent fairy, the last of his kind. There's a chance he can spin Periwinkle's dreams into dream-thread, which could protect the Pixie Dust Tree. For in Winter, even beautiful things can hurt you ... and Weaver is no exception. Now told in stunning Manga art!
